If your appliance does not work, check it is properly connected to the mains and the power cord is in good condition. Your appliance still does not work? Contact an approved service centre (see the service booklet).

Sollte Ihr Gerät nicht funktionieren, überprüfen Sie, ob es ordnungsgemäß an die Stromversorgung angeschlossen ist und ob das Kabel in einwandfreiem Zustand ist. Ihr Gerät funktioniert immer noch nicht? Wenden Sie sich an einen autorisierten Kundendienst (siehe Liste im Serviceheft).

Si votre appareil ne fonctionne pas, vérifiez qu'il soit bien connecté au secteur, que le cordon soit en bon état. Votre appareil ne fonctionne toujours pas? Adressez-vous à un centre service agréé (voir liste dans le livret service).

Se l'apparecchio non funziona, verificate che sia ben collegato alla rete elettrica e che il cavo sia in buono stato. L'apparecchio continua a non funzionare? Rivolgersi ad un centro di assistenza autorizzato (vedere l'elenco nel libretto).

Als uw apparaat niet werkt, controleer dan of het goed op het elektriciteitsnet is aangesloten en of het snoer niet beschadigd is. Werkt het apparaat nog steeds niet? Neem dan contact op met een erkend servicecentrum (zie de lijst in het serviceboekje).

Hvis apparatet ikke virker, kontroller om det er tilsluttet netforsyningen. Virker apparatet stadig ikke? Kontakt et autoriseret serviceværksted (se listen i servicehæftet).

Jos laite ei toimi, tarkasta, että siihen on kytketty virta oikein ja että johto on kunnossa. Eikö laitteesi vieläkään toimi? Ota yhteyttä valtuutettuun huoltopalveluun (katso yhteystiedot huoltokir-jasesta).

Dersom apparatet ikke virker, sjekk at det er koblet til strømmettet, og at ledningen er i god stand. Fungerer apparatet fortsatt ikke? Kontakt et godkjent serviceverksted (se listen i servicehåndboken).

Om apparaten inte fungerar, kontrollera att den är ansluten till elnätet och att sladden är i gott skick. Vad gör jag ifall apparaten fortfarande inte fungerar? Vänd dig till ett auktoriserat servicecenter (se listan i servicehäftet).

Si su aparato no funciona, asegúrese de que está bien conectado a la red eléctrica y que el cable está en buen estado. ¿Su aparato sigue sin funcionar? Diríjase a un servicio técnico autorizado (ver la lista en el folleto de servicio).

Caso o aparelho não esteja funcionar, certifique-se de que está corretamente ligado à corrente e que o cabo de alimentação se encontra em perfeitas condições de utilização. O seu aparelho continua sem funcionar? Contacte um Serviço de Assistência Técnica autorizado (consulte a lista no folheto de Serviços de Assistência Técnica).
